Norval Baptie, Crack Skater,
In His "Leap the Barrels" Feat

THIS is Norval Baptie, the western ice skating champion, in his human aeroplane feat of leaping the barrels. If you think you cut some ice on ice you'd probably slip down if you tried Baptie's stunt. You'd want to grow wings first. Baptie is hot foot after a series of matches with Edmund Lamy, the international champion. He will make an attempt to equal or beat Lamy's feat of jumping over twelve barrels, a distance of twenty-five feet seven inches, made at an exhibition at Saranac Lake, N. Y., recently. He is here shown going over six barrels.

New Chief Magistrate Announces Ambassadorship Has Been Offered Chairman McCombs, Who Could Have Had a Place in the Cabinet If He Had So Desired—Indians Call to Pay Their Respects.

Washington March 6.—Woodrow Wilson's first important act as president was to serve notice that he has shifted the burden of patronage distribution from his shoulders to those of the members of his cabinet.

This statement by the new president was only one of several developments which indicated the presence of a new regime and new methods at the White House. Heretofore it has been customary for all White House statements to be issued in the third person. Not so with Mr. Wilson. He handed out a typewritten slip in the first person, announcing that he had offered an ambassadorship to Chairman William F. McCombs and disclosing that Mr. McCombs could have had a place in the cabinet if he had so desired.

Play Wild West With Father's Gun. Cleveland, O., March 6.—James De Angelo, 9, and Willie, 4, his brother, played wild west with their father's revolver. They supposed the weapon unloaded until it went off and a bullet struck Willie in the head. He died an hour later in a hospital.

BUCKEYE MEN NOT VERY STOUT IN GAME

Gordon Sergeant-at-Arms of House and Ansberry on Committee.

Washington, March 6.—Speaker Clark was renominated, Representative Underwood of Alabama was again chosen chairman of the ways and means committee, the entire Democratic personnel of that tariff-making body was named and all the house officers were renominated at a harmonious six-hour caucus of the Democrats of the house of the Sixty-third congress. The caucus was held in the house chamber and 270 of the 290 house Democrats were present.

T. T. Ansberry of Ohio was placed on the ways and means committee and Former Congressman Robert B. Gordon of Ohio was chosen sergeant-at-arms over Former Representative Ryan of New York.

Weybrecht After a Job.

Washington, March 6.—Democrats from Ohio are very hopeful of securing the nomination of C. C. Weybrecht, former adjutant general of the National Guard, to be assistant secretary of war to succeed General Oliver of New York. The Ohio Democrats are pointing out that their state received no recognition in the cabinet.

FRIEDMANN QUILTS HOTEL

Management Objects to the Presence of Tuberculosis Patients.

New York, March 6.—The Waldorf gave warning to Dr. F. F. Friedmann that if he wanted to make doctor's offices out of his rooms in the hotel in which he might receive tuberculosis patients, he would have to look elsewhere for accommodations. Dr. Friedmann and his retinue took the hint, packed up his cultures and trunks and left. The aggressive attitude which the management of the Waldorf took was the culmination of a campaign he had been forced to wage against would-be patients of Dr. Friedmann. In spite of guards which it had placed at its entrances, consumptives and other tuberculosis patients have gained entrance to the lobbies in large numbers and insisted on seeing the doctor.

Seventy Men Drowned.

Berlin, March 6.—Two officers and 68 men were drowned when the German cruiser Yorck rammed and sunk the German torpedo boat destroyer S 178, off the island of Heligoland, in the North sea. The small boat went down so quickly that only 13 of her crew of 83 were saved. Lieutenant Pies, commander of the sunken vessel, was among those lost. The exact circumstances of the disaster are not yet known.

SOLDIER SOLONS UPSET PLAN

HOUSE REJECTS ACKER MEASURE

Placed Xenia Orphanage Under Board of Administration.

VETERANS' APPEAL EFFECTIVE

Defeated Bill in Line With Recommendations Made by Both Harmon and Cox—Athletic Clubs Backing Proposal For Commission to Regulate Boxing—Triple Charter Bill Introduced in the House.

Columbus, O., March 6.—Two veterans of the civil war, members of the house of representatives, upset the plans of the state administration, when the house, by a vote of 66 to 44, defeated the Acker bill to place the Xenia Soldiers' and Sailors' Orphans' home under the management of the state board of administration. Governor Harmon was compelled to withdraw a similar proposal two years ago. The present bill was in line with recommendations made by both Governor Harmon and Governor Cox.

Earnest appeals to kill the bill were made by the old soldier members, Mr. McCarthy of Callis and Dr. Deaton. Judge Winters of Erie and other speakers brought out that no institution was so close to the hearts of the old soldiers, that 10,000 orphans of soldiers had been educated at Xenia, and that there had been only six deaths in 10 years.

Mr. Acker, author of the bill, and other supporters, said it was a plan for economy. This gave Mr. Scott of Harrison and Mr. Hunter of Greene an opening to declare the issue to be sentiment against the dollars.

Mr. Warnes of Holmes charged that a wholesale grocer in Xenia had a monopoly of the supplies for the institution.

Athletic clubs of the state are back of the bill presented by Mr. Capelle of Hamilton to have boxing regulated by a state athletic commission of three members appointed by the governor. Provision is made for licensing clubs to hold sparring matches with 8-ounce gloves. A club is to furnish \$1000 bond that it won't allow a boxing match to develop into a prize fight.

Prohibits Mixed Marriages.

Immediate separation and breaking up of Ohio families of which either the husband or wife is white and the other black or mulatto, under penalty of being sent to the penitentiary, would result from the Reppert bill, which, by 66 to 33, the house approved on second reading. The bill prohibits and makes felonious "the intermarriage of white persons with negroes, mulattoes or Chinamen, or their living together as man and wife in this state." It is practically a copy of the Georgia law which, when put into operation, caused the breaking up and dispersion of thousands of mixed families.

Authority to purchase or condemn 1,000 to 2,000 acres anywhere in Ohio for the new state prison is asked in Governor Cox's penitentiary bill, which will be introduced by Representative Black of Wyandot. The bill creates an Ohio prison commission of three members to serve five years without pay. After visiting the latest built prisons in the United States, the commission is to build a penitentiary on the selected site. Convict labor is to be used as far as possible.

Representative Smith of Butler introduced the Ohio Municipal league's triple charter bill, with provisions for the commission, the federal and the general manager forms of local government. The general manager plan is an elective at large council of at least five members, who choose the

Cummings the Next Chairman of Democratic National Committee.

Washington, March 6.—The general impression in Washington is that William F. McCombs will accept the ambassadorship to France and will resign as chairman of the Democratic national committee. In that event Homer S. Cummings, the national committeeman from Connecticut, will become chairman of the committee. Mr. Cummings was elected at a meeting of the committee here to the vice chairmanship to succeed William McAdoo, who has been appointed secretary of the treasury. The resolution electing Mr. Cummings provided for the succession of the vice chairman to the chairmanship in the event of a vacancy in that office.

Emilio Madero, Officially Reported Killed, Turns Up in Texas.

San Antonio, Tex., March 6.—Emilio Madero, who was officially reported dead by the Mexican government and Ambassador Wilson, reached here after an overland trip from Torreon to the American border, and tells a graphic story of his experiences. With Emilio were his brother Raoul and three servants, who accompanied them the 600 miles on horseback from Torreon to Marathon, Tex. They came from Marathon to this city on the first train, where they joined another brother of the late president of Mexico, General Madero. Emilio said that they were in the neighborhood of Torreon when the news of their brother's death was received, and concluded that the best thing to do was to flee the country.

"The Governor's Cup" Banner Silver Trophy At the Horse Show

Managers of Horse Show and Spring Sales Have Selected and Purchased Magnificent Silver Trophies for Owners of Classy Horseflesh.

GOVERNOR JAMES M. COX
WILL ATTEND THE SHOW

The Attendance of Throngs of Visitors Is Assured and Some of the Aristocrats of the Horse World Will Delight the Admirers of Man's Best Friend.

Pre-eminently the event of the season will be the Horse Show which will introduce the big spring sales of the Ohio Combination Sales Co., on Monday afternoon and evening, March 31st.

The mere announcement heralds a brilliant society event as well as a splendid horse show that will bring representatives of the horse world from all over the country and give to throngs of spectators the opportunity to see some of the aristocrats celebrated among classy horses.

Not one among the hundreds who attended Washington's initial horse show, which is still the "talk of the town", but anticipates a renewal of the brilliant scenes of that never-to-be-forgotten show; but recalls the big sales pavilion as it was on the horse show nights, blazing with light, boxes filled with beautifully gowned women on one side of the speedway and upon the other tier upon tier of wildly shouting spectators, music pulsing on the air and the magnificent show horses, sleek and shining, rivalled by special outside attractions, but never outclassed.

No wonder the announcement that Washington is to have another horse show, that the governor of the state will be among its patrons and that the magnificent trophies offered will attract the owners of classy horse flesh from far and near, is received with joyful anticipation.

The managers of the horse show and spring sales have purchased 38 trophies, silver cups, lined with gold, that are the handsomest to be procured and experts make the assertion that they will make the finest assemblage of trophies ever seen in this part of the country. They are conspicuous new designs just released. Mr. Charles Allen, of the Sales Co., went to Cincinnati this week and gave to their selection his personal attention. The trophies are expected to arrive Saturday morning and will be at once placed on exhibition in the show window of Dale's Furniture store on W. Court street.

"The Governor's Cup", to be presented by Gov. James M. Cox, will be the banner silver trophy. Wallace's Vocal Orchestra, of Cleveland, one of the most noted orchestras in the country, and in demand at horse shows and meets of East and West, has been secured and the music will be a big drawing card of the show.

Of special interest is the announcement that Mr. Walter Palmer, of Ottawa, Ill., representing the trotting horse industry as a member of the Board of Commissioners of the United States government will be here and act as one of the judges. This commission has been established for the betterment of the horse industry and supplies to the government whatever horses are needed in cavalry and artillery service.

The Ohio Sales Co., W. J. Galvin, manager, is making every effort towards a horse show that will be the most popular of its kind and give eclat to the sales which follow.

The big sales pavilion will be thoroughly overhauled, private boxes put up and managed as in the former show and similar arrangements made in regard to reserved seats.

Already the show is attracting attention all over the state and that there will be a great crowd is a foregone conclusion.

Returns to Family Escapes Punishment

George Floyd, the man who was arrested here last week upon advice received from Sabina, and who was subsequently returned to Sabina to answer to a charge of non-support, escaped punishment at the hands of the court by agreeing to return to his family and support them.

Floyd, according to information from Sabina, left that place in company with a colored woman, and previous to leaving had sold household goods for \$10.

His wife and children have been under the care of the township trustees.

Sub-contractor Sues for \$316

Frank Hickman Wednesday filed suit in Common Pleas court making W. H. Hewitt, John Stover and C. H. Jones, trustees of Milledgeville lodge No. 713, I. O. O. F., the defendants in an action for judgment in the sum of \$316, which the plaintiff alleges is due for work performed on the new I. O. O. F. building under a contract made with R. L. LaFollette, the general contractor.

The plaintiff claims that on Nov. 7, 1912, he entered into a contract with the general contractor, R. L. LaFollette to construct the brick and stone work, the sum to be paid him for the work being \$1069.90.

Up to the time of completing his work on January 25, he had received \$756.90. On February 8th he filed an itemized statement which claim was not disputed, he avers, and he asks judgment in the sum of \$316, which he claims the defendant is able to pay and has the money to do so. Gregg & Gregg are attorneys for the plaintiff.

Serious Operations At Hodson Hospital

There were three serious operations at the Hodson hospital Wednesday: Miss Georgia Hillery, the young daughter of Street Commissioner Jas. Hillery, underwent an operation of a very grave nature and her condition is critical, arousing the deep anxiety of parents and friends. Dr. E. F. Todhunter, the attending physician, brought Dr. Harris from Columbus to operate and Dr. Hodson assisted.

Miss Olive Weaver, the head nurse at the Hodson hospital, after rendering most efficient service, was herself obliged to go under the knife yesterday in a severe case of appendicitis. She is doing nicely today.

Mrs. Grant Mansfield was brought to the hospital in a serious condition to be operated on for gall stones. She is also thought to be doing as well as possible.

Prominent Farmer Widely Remembered

Mr. L. C. Mallow celebrated his seventy-third birthday on Monday, March the third, and received a deluge of congratulatory letters and postcards from all over the United States. Two hundred and five cards testified to the esteem in which Mr. Mallow is held by a host of friends.

Belonging to one of the old Ross county families, Mr. Mallow has made his home in Fayette county ever since the Civil war and has been closely identified with the county's manifold interests and forward movements.

In addition to his large farming interests, he has been one of the prominent Republicans of the county, holding the office of county commissioner for two terms and taking a leading part in Republican politics. Mr. Mallow is a loyal member of the R. B. Hayes post and adds to the G. A. R. campfires reminiscences of his war experiences in the 149th O. V. I., so that it was not strange that among the shower of letters were many from old army comrades.

Men like Mr. Mallow, strong, active and patriotic, are of value to the community and it is a blessing when they can remain in the harness as Mr. Mallow has always done.

The seven children of the family are widely scattered. Mr. Orville Mallow is in Billings, Mont.; Mr. Earl Mallow, assistant prosecuting attorney, of Toledo; Mr. Russel Mallow, in Louisa, Texas, while Mrs. N. B. Hall, the only daughter, and sons, Werter, Carl and Roy remain in this county.

Mr. Mallow expresses his appreciation of the thoughtfulness of his friends in the following card of thanks:

CARD OF THANKS.

I want to tender my most sincere thanks to my neighbors, friends and relatives, old army comrades and associates of my boyhood days from the lakes on the north to the Gulf of Mexico, who so kindly remembered me with letters, birthday cards and telegrams of good wishes to the number of 200 upon the 73 years of my existence. You can't imagine the great pleasure it was to me to receive those remembrances from you.

Let me thank you again.
Very respectfully,
L. C. MALLOW.

GIRLS' BASKETBALL TONIGHT.

The Girls' Basketball game which will be played tonight between Washington and Wilmington at the Armory, will undoubtedly draw a large crowd and be the scene of much interest.

This is the third game played between these teams, each team having won a game by a close score. Tonight will prove which team is the stronger.

There ought to be a good crowd out to boost for the home girls.

Passes Away

At the ripe old age of 78 years, Mr. John Curran, one of the old and well known residents of Fayette Co., died at his home on West Court St. Thursday morning at half past five o'clock.

For many years Mr. Curran was actively engaged in farming, the Curran farm interests being extensive in the southern part of the county. Two years and a half ago he had his hip broken in an accident and has since been crippled, his condition for some time being critical.

He was a G. A. R. veteran and always interested in everything along G. A. R. lines, and one of the most ardent pioneer Democrats of the county.

Mr. Curran's widow was the daughter of the late Thomas Conner. He also leaves five daughters, Mrs. Jacob L. Jamison, of this city; Mrs. Jennie Swartz, Mrs. Sadie Spangler, Mrs. Frances Schlessenger and Miss Maud Curran, all of Chicago. Mrs. Swartz has been with her father during his last illness and the daughters will all be here for the funeral.

The funeral services will be held Saturday afternoon at 2 o'clock at the residence.

The remains will be placed in the vault at the Washington cemetery and burial will be made later.

GREATEST MEN'S BIBLE CLASS IN WORLD IS IN NELSONVILLE

Was Organized Six Years Ago
and Now Has Membership of
Over 1,000—Meets Every Sun-
day in Town Smaller Than This
City.]

The greatest Men's Bible Class in the world is located at Nelsonville, in Athens county. A newspaper of Columbus recently carried an eight column picture of the class, and in connection with the picture, had the following to say:

This newspaper presents today a picture of what is perhaps the most remarkable men's Sunday school class in the world. It is the Berean class of the Christian Bible School, in the little mining city of Nelsonville, in the Hocking Valley coal region of Athens county. The fame of this class is known among Sunday school workers to the ends of the earth and scarcely a week goes by that its leaders do not receive letters from far and near asking for information concerning its methods of work.

The class began a little over six years ago with a membership of 11 men. These went out after others, and the class has steadily grown until, on Feb. 9 of this year, there were present 1045. On Feb. 23, when the picture was taken, there were in the class 896 men, 15 children and one woman. The woman was Miss Terry who is the pianist for the class, and the children accompanied their fathers.

The sessions of the class are held in the opera house, which has the only auditorium in the city large enough to accommodate such a crowd. The class is taught by R. A. Doan, and to him, in a large measure, belongs the honor of making the class what it is, although he is the last man in the world to lay claim to such merit. He is, the president and superintendent of the Nelsonville Brick Company, but the Berean Bible class has the first place in his heart. His expositions of the Bible lessons grip the hearts of the men and the influence of the class has made a lasting impression for good upon the community.

The class is thoroughly organized and has developed many enthusiastic and capable workers. Its present president is L. H. Price, a merchant of Nelsonville, and Henry Poston, another merchant, is its secretary. Its motto is "Others," and its several committees are devotional, relief, glad hand, life line, chair, leaders of divisions and orchestra. A small four-page bulletin of the class is published weekly.

The Christian Bible School, of which this class is a part, had an attendance on Feb. 23 of 1569 and on Feb. 9 of 1722. Subsequent issues of this newspaper will show a picture of this great Bible school and also of its Loyal Woman's class.

Nelsonville has a population of less than 7000, and there are other splendid Bible schools in the city. The First Methodist school runs well over the 500 mark, and the Presbyterians Holiness and colored Baptists have good schools. At the Sunday school hour the streets of the little city look as if there might be a Billy Sunday

tabernacle meeting on in the place. "Were you at Sunday school yesterday?" is the usual Monday morning greeting, and "Going to Sunday school tomorrow?" the last word on Saturday evening. Nelsonville looms big on the world's Sunday school map.

36 MORE CONVERTS

Revival at New Holland Continues
With Greater Results Than Ever
and Town Hall Is Inadequate
to Hold Immense Crowds.

Wednesday night witnessed another great demonstration in the union revival services in the town hall at New Holland, and 36 persons went forward and were converted, bringing the total up to about 55 who have been converted in two nights.

Rev. C. H. Boror, pastor of the New Holland M. E. church delivered the sermon Wednesday night, and when the call was made for those who wished to live a new life, men, women and children went forward. Whole families were included in the number, and two or three business men also joined in and became members of the big class.

In one instance a small boy went forward and was soon followed by his brothers and sisters and father and mother, so that the entire family knelt in prayer in their beginning of the new life.

The town hall was filled to overflowing, and a large number could not gain admission.

Tonight another large number of converts is expected. Never in many years has New Holland witnessed such a revival, and before the meetings close several score of persons are expected to be added to the rapidly growing list of converts.

"Little Dick" In Bad Again

When Prosecutor Frank Johnson and special officer John McClellan, of Xenia, and Marshal Kenyon, of Cedarville, dropped into Jamestown a few nights ago and made an unexpected visit to the "Auto Inn" which is in charge of "Little Dick" Collopy who was driven from this city for carrying on a very thriving bootlegging business, they found a lively poker game in progress, and a dozen Jimtown boys about the table, with about \$25 in silver in evidence.

The players and Collopy were taken before Mayor Bull, of Cedarville, where Collopy and Ben Jones, the latter having had charge of the game, drew \$50 and the costs, and the others were given \$25 and the costs.

The game had been going on in an upstairs room, and a number of prominent young fellows were among those arrested it is said.

Local Champion After New Honors

Floyd Tillett, who has won considerable prominence in his ability to handle his fists in chain-lightning style and has several decisions in fast boxing matches to his credit, will box with a Cincinnati who also bears quite a reputation, at the Red Lion hall in Columbus next Monday evening, and a number of local parties will attend the contest.

Tillett is now taking special training under local boxers and hopes to win the decision in short order when he meets his opponent in the ring Monday night.

Divorce Hearing In Common Pleas

The divorce case of Tillie Thompson against Myers Thompson in which divorce is sought, was tried before Judge Carpenter Wednesday, but was continued over until later after a night session failed to bring the case to a close.

The evidence of the plaintiff was taken together with others and when the postponement was made the defendant had been on the stand for some time. John Logan represents the plaintiff and W. B. Rodgers the defendant. Some of the testimony introduced was along the sensational line.

Sues Wife For Divorce

Takes Wife at Her Word and Immediately Files Suit for a Divorce After Making Vain Effort to Have Her Return to Him the Third Time.

Loveland, Ohio, March 4, 1913.

"I will write and let you know I am not coming down there, so don't make any arrangements for I am not coming. So let this be the last between me and you, now and forever. So goodbye,

MINNIE."

The above letter alleged to have been written by Minnie Smith to her husband, Charles E. Smith, is an exhibit of a petition filed by Smith for a divorce from his wife, the action being filed in Common Pleas court by C. E. Baughn, Thursday morning.

In his petition the plaintiff states that he was married to the defendant on June 11, 1911, at Edgefield, and one child 11 months old was born to them. He accuses his wife of gross neglect of duty and states that she left him in October, 1911, and went to Jamestown. He persuaded her to return and she again left him in January, 1913, going to London.

Again the plaintiff induced her to return, and she remained with him two weeks, going to Loveland to visit her father and mother, and failing to return. He again went to her and she agreed to return. He gave her money with which to pay for shipping her goods to this city and she agreed to return the next day, but instead of returning she sent him the above letter, and he immediately proceeded toward securing a divorce.

More Respond In Local Revival

In response to the invitation to start a better life, several persons responded during the services at Grace church last night, and more are expected tonight.

Rev. Ross preached one of his usual strong sermons and the singing under Mr. Hunter's guidance was exceptionally good. The usual large audience was in attendance.

Tonight Rev. Ross will preach on "The Unavoidable One," and one of the best meetings of the series is predicted.

Will Farm in Canada

Two of Fayette county's well thought of young farmers, William Green and John D. Green, sons of Mr. W. F. Green, of Cunningham Station, left Thursday for Alberta, Canada, where they have purchased a tract of 350 some acres and expect to engage in extensive farming.

They previously shipped a carload of implements and various farm necessities.

Clem Cummings accompanies the Messrs. Green with the expectation of pre-empting land as nearly as possible.

The President's Inaugural Address

There is, in President Wilson's message to the American people, an entirely different line of thought, an entirely different conception of the problems which confront the people and their public servants and this understanding of these problems is expressed in words and sentences so wholly unlike any other that they must be classed as belonging to the clear and logical expressions which are typical of the man.

It seems that in one sentence the President has given the people his idea of the existing problems when he said:

"There has been something crude and heartless and unfeeling in our haste to succeed and be great. Our thought has been, 'Let every man look out for himself; let every generation look out for itself,' while we reared giant machinery which made it impossible that any but those who stood at the lever of control should have a chance to look out for themselves."

The problem thus pointed out is the one, rather than any lack of material prosperity which has caused the feeling of unrest so marked during the last half dozen years.

The people have felt that the security guaranteed to the many under our institutions was gradually slipping away and that the prospect for the men of limited resources and humble station were not as bright as they once were and as they should be. President Wilson has expressed in one short sentence the fear that seized upon the people.

That the President will be no rash enthusiast, seeking to accomplish at once the impossible, that he is no notoriety seeking demagogue is proven by these words in his message:

"We shall restore, not destroy. We shall deal with our economic system as it is and as it may be modified, not as it might be if we had a clean sheet of paper to write upon, and step by step we shall make it what it should be in the spirit of those who question their own wisdom and seek counsel and knowledge, not shallow self satisfaction or the excitement of excursions whither they cannot tell. Justice, and only justice, shall always be our motto."

Assuming the tremendous duties of his position with an understanding wholly satisfactory to himself and meeting with the approval of a majority of the people, the President does not expect to right all at one stroke and announces that he will attempt no such havoc-producing task.

This declaration is an insurance to all vested interests that there is nothing to fear at the hands of the administration and should do much to banish any fleeting fear which the more timid possess.

"Justice, and only justice."

No honest man need fear justice and no legitimate business need be disturbed by the enforcement of justice only.

That he does not regard his election as a partizan triumph; that he will not conduct his administration excluding from his council table those who have held different political views from his own, President Wilson makes clear in these words:

"This is not a day of triumph; it is a day of dedication. Here muster not the forces of party, but the forces of humanity. Men's hearts wait upon us; men's lives hang in the balance; men's hopes call upon us to say what we will do. Who shall live up to the great trust? Who dares fail to try? I summon all honest men, all patriotic, all forward looking men, to my side. God helping me, I will not fail them if they will but counsel and sustain me."

It is an address remarkable for its brevity, the vast amount of wholesome truths expressed in few words, the true patriotic ring of it all, the determination to do right between all classes and the emphatic assurance that there will be no disturbing play for effect.

It is splendid. A simple statement that we are down to facts and acts.

Simple Form of Government Best For This Country

By Professor CHARLES ZUEBLIN, Lecturer

HOME rule for the United States is to be attained through direct legislation, a simple ballot and an elastic form of government.

HOME RULE INVOLVES SOME SIMPLE FORM OF GOVERNMENT, EASILY UNDERSTOOD BY MATURE MINDS, SUCH AS THE NEW ENGLAND TOWN MEETING OR THE COMMISSION FORM OF MUNICIPAL GOVERNMENT.

More could be accomplished by the election of a FEW REPRESENTATIVES chosen at large from each integral geographical area and subject to control by the initiative and referendum without other check except that of an easily amended charter and constitution than in any other way.

Have the representatives so chosen sit in one council or house. There would be NO DISTINCTION BETWEEN EXECUTIVE AND LEGISLATIVE except that the administrative officers would be appointed by the legislators and given entire charge of administrative work under a civil service system.

Poetry For Today

BETTER THINGS.

Better to be the singer of song
That may stir up some other heart
To sing
And send the echo all life's way
Along,
Than to wear the robe and diadem
Of king.

Better to speak a helpful, cheery
word
To some faint heart bowed down
with load of care,
Who will be cheered, as with the
song of bird,
Than to the wealth of Indies be
the heir.

Better to greet some lone one with a
smile,
And send him on the way with
joyous heart,
Forgetting all life's bitterness the
while,
Than with the mammon seekers
have a part.

Better to help the weary and the
weak,
And ease the burden under which
they groan,
Than be with those who only pleas-
ure seek
And turn deaf ears to every pite-
ous moan.

Then give the cup of water in His
name.
The naked clothe, the hungry ones
appease,
Though men know not, the Master
will acclaim
In heaven the deed ye did for "one
of these."

A GLIMPSE BACK THROUGH YEARS

February 7, 1867.

Salt Wanted—The gate back of Cleveland's drug store, in the public square fence, has been on the swing for some time, annoying Sheriff Straley much, letting his cow out and foreign cows in to the manifest injury of his fodder pile. Some one fixed up a pan full of ice for a weight to shut the gate, which answered expectations valiantly for 2 days when the thaw came and dished the job. The sheriff now proposes to hang up a basket of salt in the place of the pan full of ice, melted, being determined to keep the cows out, at all hazards. Has anybody got any salt?

The dam at Rock Mills, in this county, was destroyed and much damage done to the Mills at that point, belonging to Mr. Welshmier, by an ice gorge, during the late freshes.

The murder of 59 out of 63 men, guarding a government train by the Indians near Sandy Creek, Kansas, is confirmed. 12,000 Indians are reported on the war path.

A friend in peregrinating over the county a few days ago, found the following rules given by the Directors of a certain School District to the teacher for the government of the school. He renders them in exact accordance with the original:

Rule I. there shall be good order in school and a low no rittin or mark-in on the school room.

Rule II. If the scholars dont obey orders the liev school.

Rule III. no quarlen or ften a lowed at school or swarin or carren snow in the school room thus rule must be lived up to by the teacher and the scholars and if the scholars dont obey the teacher they must leave school if the teacher cant make the larg scholars obey she must inform the directors of it and they shall leave school.

That, as our friend the imortal J. N. would say, is heavy.

Murderer Manbeavers Is Taken Back to Ross From New Holland Home

Man Who Shot and Killed Another at Church in Ross County and Released on \$2,000 Bond Had Located in New Holland and Is Taken Back to Jail Upon Demand of His Bondsmen.

Doyle Manbeavers, a young man who last fall shot and killed Roscoe Snyder during a quarrel while attending church in Franklin township, Ross county, and who was subsequently convicted of manslaughter and later released on \$2,000 bond, was taken from the home of his uncle in New Holland and landed back in the Ross county jail upon complaint of his bondsman, Edward Schneider, who demanded release from the bond because the young man had left the county.

The young man was found in New Holland, where he was living with

an uncle, says the Chillicothe Advertiser.

He will now remain in the county jail, until the court of appeals can pass on his case.

"It seems that the release of the young man was rather obnoxious to the people of Franklin township. Doyle instead of coming home in a spirit of modesty, assumed a braggado air, which became offensive to the other residents, and there were several threats of clashes.

"The father, Henry Manbeavers with a view probably of avoiding further trouble disposed of his property and sold it last week to Henry Hatfield of Antonis. He then made arrangements to move his family to New Holland and sent them on in advance.

"Mr. Schilder went on the boy's bond shortly after the conviction, but no doubt considered a removal from the county sufficient reason for his release. The young man is under sentence to Mansfield, but will have to remain in the county jail, until the next court can hear the various motions for a new trial."

BRIDE'S DREAM SHATTERED BY EX-CONVICT EVANGELIST

Young Wife Finds Man Who Passed for Revival Leader Is Ex-convict and Forger, Having Served Time for Being Too Much Married.

Inspired by the financial side of the Billy Sunday revival, "Rev. Albert Holden," known also as Wright, and Edward Holden, released less than a year ago from the penitentiary, where he served six years for bigamy decided to make some money himself along evangelical lines, and was doing well until he was arrested Saturday in Springfield.

Detective O'Rourke, of the Columbus police Saturday evening went to that city, with a warrant, signed by the pseudo-revivalist's wife, charging him with forgery.

Holden is said by her to have secured credit at High street stores for two wagon-loads of furniture on the strength of two notes, one for \$1700 the other for \$1600, both asserted to be forgeries. Police Prosecutor Schlesinger issued the warrant for Holden's arrest after examining the notes, which Mrs. Holden says she found in her husband's clothing, and finding the signatures purported to be those of Freeman Harshman and Horace Ankeney, of Xenia, both well known to the prosecutor, who form-

erly lived in Xenia. Mr. Ankeney is an ex-state dairy and food commissioner.

BRIDE DECEIVED.

Holden left Columbus a few days ago to conduct a revival at Morley Chapel near Springfield. He wrote to his wife that he was doing well.

Mrs. Holden married the ex-convict February 12, not knowing anything about his past record. She was Miss Pearl Johnson, of 495 Dennison avenue, Columbus.

After the marriage the two lived with her mother. One day the mother picked up an envelope that had dropped from Holden's pocket, and found in it naturalization papers for Holden, the released convict.

In spite of this evidence so smooth was the tongue of the fake religionist, that his wife and mother-in-law were convinced he was what he represented himself to be a minister of the United Brethren church.

Holden spent most of his wife's money, telling her of the notes for \$3300, which were supposed to be in a bank. After he had left she found the notes and reported to the police. An investigation was started which ended in the arrest of the alleged swindler.

Holden served a sentence in the penitentiary for bigamy and at the same time two sons were sent there for a similar offense. One of the sons married a young girl in Kingston when he had a wife living elsewhere. —Circleville Herald.

Names Interstate Commissioners.
Washington, March 6. — Edgar F. Clark of Iowa and John H. Marble of California were nominated by President Wilson to be interstate commerce commissioners. Their names were submitted to the senate with those of his cabinet.

Judge Blair Opposes Bill.
Columbus, O., March 6. — A. Z. Blair of Portsmouth, former common pleas judge, who jumped into the limelight when he disfranchised hundreds of voters in Adams county for selling their votes, appeared before the judiciary committee of the house and argued against the Kessler bill, which would restore all of the disfranchised voters to their citizenship.

Address Of Bryan's Has Strange Tone in It

Washington, March 6. — William Jennings Bryan, in addressing the assistant secretaries and heads of the various bureaus of the state department, declared: "I am not prepared to discuss tenure in office. My own tenure is, as I was about to say, brief, but my tenure has not even begun. I am sure your tenure is, therefore, not more uncertain than mine. I have not had time to learn from the president the general policy that will be impressed to the various departments. It is sufficient at this time to make each other's acquaintance, and I hope that when the time comes for me to reassemble you to introduce you to my successor, I can look back upon as delightful associations as the retiring secretary does."

city manager and the civil service commission. The commission plan comprises the election of three commissioners in towns of 10,000 and five in larger cities. The federal plan includes the election of a mayor to serve four years, and a council of five to 15 members and municipal judges. The mayor and appointive heads of departments form a board of control.

Columbus, O., March 6. — Referring to the statement made by Representative Capelle of Hamilton county that he had spent \$18,000 last year for special counsel and raked the treasury for no better reason than that he was opposed politically to some of the prosecuting attorneys, Attorney General Hogan said: "As to two of the Democrats who voted with Mr. George B. Cox's representative from Hamilton county against the Snyder bill, I have only to say they voted for their own personal protection. Representatives from this office and the prosecuting attorney's office have been too closely on their trail for their comfort."

Judge Blair's Contention.
Columbus, O., March 6. — Governor Cox alone can pardon the 1,690 Adams county vote sellers who, in 1910, were disfranchised for five years by Judge A. Z. Blair, and the Kessler bill to restore the suffrage to these men is not worth the paper on which it is printed. That was the statement of Judge Blair to the house judiciary committee. He said the legislature had no authority to pardon for crime. When he imposed sentence of disfranchisement he said he had no alternative under the law.

Elope to Kentucky.

Zanesville, O., March 6. — Because they could not get married under the laws of Ohio, as the bride is too young, Clarence C. Russi, 20, dairyman, and Helen Lawson, both of Zanesville, eloped to Covington and were married. The girl will not be 16 until November, it is said.

CLEVER PLOT TRAPS BANDIT.

Fake Census Lands French Robber Chief in Jail.

Paris.—By a clever plot the headquarters police, under the lead of Commissioner L'Huillier, have caught Chiapala, the alleged chief of the Pegu-mas robber gang.

The officials were in despair when they got a letter from the bandits threatening to start a conflagration. With the postmark on the envelope as a clue the commissioner at once got up a fake police census of the district, and all the inhabitants were made to sign certain blank forms. Sure enough, one of the returns proved to be in the handwriting of the letter from the bandits, with the result that Chiapala was found and arrested. It should be mentioned that in the census blanks were questions which necessitated answers embodied in certain words used in the bandits' missive.

Chiapala, it is said, has confessed and has given information which will lead to other arrests. The prisoner, who is twenty-eight, is an epileptic. According to the police version of his story, he originally set out to track the bandits, but grew to be fascinated by their careers of crime, joined them and was chosen their leader.

"TOO OLD" IN '61—DIES AT 103

Neulin Offered Services in Civil War and Was Rejected.

Lebanon, Pa.—Samuel Neulin, believed to be the oldest man in the state of Pennsylvania and one of the oldest in the country, died at his home here.

He passed his hundred and eighth year last December. Mr. Neulin was a son of German parents and was born in 1804 in Berks county while the Indians still roamed over that district.

He volunteered for service in the civil war, but was rejected because he was nearly sixty years old. Neulin had remarkable health and was never known to have been ill until two weeks ago, when he suddenly grew weak, and his life slowly ebbed away without any disease being apparent. He leaves nine children, the eldest seventy years of age and the youngest forty-seven.

Unprotected Hatpin a Thing of the Past in That Country.

Stockholm.—Under a new law street car conductors throughout Sweden are provided with rubber tips by the government which they shall furnish to women passengers not complying with the new law against unprotected hatpins. Hatpins with exposed points are now a misdemeanor in Sweden, and women without the rubber tips will be compelled to obtain them from the street car men at a cost of one cent each.

EXTREME CRUELTY

Inhuman Treatment Nearly Every Week for 19 Years Is Charged Against Husband By Wife Who Asks Divorce—Parents of 11 Children Separate.

Alleging that hardly a week has passed since her marriage to Thomas L. Pavey that he has not mistreated her by cursing, abusing and oftentimes striking her, Mrs. Cora Pavey has filed suit in Common Pleas court in which she asks divorce, custody of the two youngest children, and reasonable alimony.

In her petition, which was filed by Attorney Tom S. Maddox, Mrs. Pavey states that she was married to the defendant on August 3rd, 1894, and 11 children have been born to them, the oldest of whom is 18 years and the youngest a few months.

On February 24th, according to her statement, her husband struck her in the face with his fist and scratched and beat her about the body for which offense he was arrested, entered a plea of guilty and paid a fine of \$50, and that since that time she has not lived with him.

She alleges that virtually every week since her marriage to the defendant he has been guilty of cursing and abusing her and frequently resorting to striking her.

The parties of the suit have been living in Green township on a farm.

Supt. Wilson Is Reappointed

Superintendent M. E. Wilson, who has held the office of Superintendent of the Jeffersonville schools for seven successive years, was this week again selected for another three-year term.

During his seven years in the office Supt. Wilson has kept the school in splendid condition and at the top in virtually every way, so that his reappointment is a merited one.

At the present time the Jeffersonville High school contains 90 pupils, 54 of whom are tuition pupils.

Business Increases Store Is Growing

The business of Mr. Joseph A. Jones, in the Peddicord building on Fayette street, is making a strong and healthy growth, and has lately become so large that Mr. Jones has been forced to have more room to store his stock.

To accommodate the business the basement has been acquired and been lighted and remodelled in splendid style. In the basement Mr. Jones has now on display a large line of stoves and iron beds, making a store in itself. Only a short time ago Mr. Jones opened up his store with a small stock. Now he occupies a total of 2400 square feet and is carrying a large stock. He has a big line of new goods coming in, including a large shipment of new gas ranges. Among the new goods just received is a fine lot of dining chairs and rockers. On these lines Mr. Jones has a steadily growing demand. A complete line of furniture is also carried, which sells at moderate prices.

Since enlarging his store Mr. Jones is embarking strongly in the stove business and is putting in a good line of the famous National High Oven Coal Ranges.

Mr. Jones' stock consists of furniture, stoves, beds, mattresses, springs, pictures, bicycles, rugs, shirts, hosiery, shoes, watches, mandolins and guitars, these musical instruments ranging in price from \$9 to \$18.

In addition to his large line of new goods Mr. Jones carries a strong line of good second-hand articles, the whole making a large and attractive store where a person can readily find what he wants.

Although the store room is now filled apparently to its capacity, Mr. Jones is still contemplating further increases and the making of additions to the lines carried. He respectfully calls the attention of the buying public to his business, stock and prices.

GARDENAS TELLS OF MADERO'S END

Leader of Escort Describes Attack on Party.

NO PREMONITION OF DANGER

Both Men Were Cool and Took Their Time Previous to Trip in Automobiles That Ended in Their Death. Were Caught Between Two Fires, He Says.

City of Mexico.—An account of the death of Francisco Madero and Jose Suarez is given by Major Cardenas, commander of the escort. Cardenas, a commander of rurales, distinguished for his zeal in putting down rebellions against the constituted authorities, was called to the capital especially for the duty he was to perform.

He explains that he received an order to transfer the prisoners from the national palace to the penitentiary shortly before 10 o'clock. He went to the room in which they were confined and awakened them. Madero apparently felt no concern for his life in this moment, for his one complaint

THE DEAD EX-OFFICIALS AND SENORA MADERO.

was that the authorities had not given him notice of their plan early in the evening, so that he might have remained up and been ready. He took his time about dressing and preparing for removal such things as he had brought with him to the palace. It was consequently some minutes after 11 o'clock when the party went out to get into the two automobiles that were waiting in the courtyard.

Even then, as the tale of Major Cardenas runs, Madero showed not the slightest concern or premonition of treachery. As though he were still clothed with the authority of the presidency, when he was about to enter the car set aside for him and Suarez he gave orders that he should be taken to the penitentiary by way of Rej and Lecumberri streets.

This order figures in the alibi of the government, which holds that friends of Madero tried to rescue him. Major Cardenas says that the route designated by Madero had been decided upon previously, but when Madero himself chose it he told the drivers of the automobiles to take a different route. They did not come into the one chosen by Madero until they were within two blocks of the penitentiary, when they considered themselves safe from molestation.

On crossing the railroad bridge, however, they found that the Maderist

plotters, as the government holds them to be, had been bolder than had been imagined. The machines had barely passed over the railway bridge on its approach to the prison when five men, lying prone at the roadside, fired upon them. The chauffeur slowed down his car as though to halt, but was ordered to put on all speed and run through the attacking party. He did so, but when the cars were within 200 yards of the penitentiary a larger band opened fire upon them. Major Cardenas then ordered the machines to stop. The escort descended and returned the fire.

STARVING IN COLD, KILLS AND EATS CHUM

Guide Scratches Account of Tragedy on Cabin Door.

Edmonton, Alberta.—Guides just returned to civilization brought the somber story of how one trapper, starving and half frozen, killed and ate his companion. Meager details they found scratched on the door of a shack seventy-five miles north of Mile Fifty-three, British Columbia.

Henri Le Claire and Len Lemieux started last December for an extended hunt in the north country. Snows piled up on the prairie land until they found it impossible to progress, and their food supply gave out. Finally they made a last stand against death in a prospector's cabin, and drifts soon penned them in completely.

Wild animals ranged the snow wastes about them, but they could not leave the shack. For a month they had eaten nothing but animal skins, and there were no more of these. Slowly they starved as day after day brought no relief.

On the eighth day after all food supply gave out Le Claire waited for Lemieux to doze and plunged a knife into his body. The half famished trapper then ate.

Insane from his suffering and from remorse, Le Claire then scratched the story of his deed on the door of the cabin and fled. It is supposed, to perish, as no trace of him has been found. Other guides in passing later saw the

lonely shack and went to seek food and shelter. Receiving no response, they pushed open the door and found Lemieux's body with twenty-three stab wounds in it. They thought he had been the victim of wild beasts until they happened to find the crude writing scratched on the door.

3,200 Turks Taken Prisoner

Special to Herald.
Athens, Greece, March 6.—The Turkish fortress at Janina was entered this morning by the Greek cavalry and 3200 Turks were taken prisoner.

New Five-cent Pieces are Out

Four million glistening new nickels with an Indian head on the face and the figure of a Buffalo on the reverse to supplant the time honored five-cent piece with the Goddess of Liberty as its characteristic, which have been piled in the vaults of the United States Treasury and Sub-treasury, were turned into public circulation this week.

Only once in 25 years can the Secretary of the Treasury, without the sanction of Congress, change the design of any coin.

President Wilson's Secretary of the Treasury will have an opportunity to change the dime, quarter and half dollar because, in 1915 the present design will have been in circulation for a quarter of a century.

Some of the Treasury officials now in office are in favor of changing them on the ground they are inartistic.

The new nickels were selling for 15 cents apiece on the street corners in New York City Saturday. At the Subtreasury several hundred persons waited in line for them during the forenoon, and a rule was adopted limiting the number given any one person to 100. But \$10,000 worth was received in New York and they were oversubscribed many times.

School Board Gets in Muddle

The school board of the village of Frankfort seems to have diverged somewhat from their regular duties as required by law. The Attorney General's department Saturday notified Prosecuting Attorney W. W. Boulger that the board had failed to require the treasurer of the school fund to give bond, nor had they designated any depository for the school money.

The case was referred to the department of justice, following an examination of an official of the state board of accounting. It seems the treasurer of the school board is identical with the treasurer of the village, but that a separate bond must be given for each. This the board, it seems, has not required. The county attorney has taken the matter up with the board as to why they have failed to comply with the law. It is said the board had informed the state department that they had followed the plan on the recommendation of an attorney, which seems hardly likely.

The state examiner referred the matter to the law department in his request for an opinion as to who would be responsible for the funds. —Chillicothe Gazette.

A Hearing Of Charges May Be Commoner's First Work

BRYAN MAY TAKE UP CASE

American Consul General at Paris Under Accusations.

Washington, March 6.—Secretary of State Bryan will probably take up the case of General Mason, consul general at Paris, who is accused of favoring Donald Harper, an American lawyer living in Paris, when asked to recommend an attorney. Ex-Secretary of State Knox recently cleared the American consulate of charges of favoritism toward Harper to the exclusion of other American attorneys in Paris, on the ground that there was no evidence to prove the charges.

Opening Of the Big Ditch Is Near Now

CANAL OPENING IN FALL

Colonel Goethals Declares He Will Be Able to Keep His Promise.

Panama, March 6.—Colonel George Goethals, the chief engineer and chairman of the Panama canal commission, said that he would be able to keep his promise that the great waterway would be opened next fall, two years ahead of time. He issued orders that Gorgona, a village on the Chagres river, and other towns along the line which Gatun lake would submerge, shall be removed.

OHIOANS GIVE WILSON LARGE SILVER SHEET.

Washington, March 6.—Members of the Democratic national committee were received in the east room of the White House by President Wilson. There the president was presented by National Committeeman Moore of Ohio with a large rolled silver sheet, bearing the engraved names of 100 Ohio Democrats, the portraits of the president and vice president and a picture of the Ohio statehouse. The sheet is said to be the largest piece of sheet silver ever rolled.

RIDING IN ROCK CREEK PARK

COLUMBUS WILL BE A BOOSTER RIGHT FOR THE BIG GAME

OFFICIALLY IDENTIFIED WITH GOOD ROAD MEET

Capital City Will Take Active Part In Coming Congress.

Columbus, O., March 6.—The city of Columbus has become identified with the coming "Rural Life and Good Roads Congress," to be held at Memorial hall, March 12 and 13, in an official way. Mayor George J. Karb issued a proclamation to the citizens of Columbus urging them to lend their hearty co-operation to the meeting.

In his proclamation the mayor says: "That such a meeting should be held in Ohio's capital speaks well of the activity and interest manifested by its citizens in the work of improving its market roads for promotion of comfort and economy to its inhabitants and visitors, as well as to encourage progress and prosperity for all." He speaks of the reduced cost of transportation and living which would result from an improved system of market roads and says that, once installed, no one would permit reversion back to the day of bad roads.

Among those who have been urged to attend the congress and deliver addresses are J. De Pulligny, engineer in chief of board of public works in France and director of the French commission of engineers to the United States, and W. A. McLean, provincial engineer of highways, Ontario, Canada. Both are deeply interested in the movement and have signified a purpose to come if possible.

Outrages Of Most Atrocious Character

MEMORIALS DEFACED

Vandal Does Dirty Work on the Gettysburg Battlefield.

Gettysburg, Pa., March 6.—The worst outrage ever committed on the Gettysburg battlefield was perpetrated in the vicinity of Round Top and the Valley of Death, when five handsome monuments were battered and broken by a vandal, who evidently used a heavy hammer for his work. The monuments defaced are those of the Fifth corps headquarters, the Thirty-seventh Massachusetts, the Ninety-sixth Pennsylvania, the Sixth New Jersey and the First Vermont. No clue to the offender has been obtained.

Defiance Is Hurlled At the New Dictators

WILL FIGHT TO DEATH

General Carranza, With 11,000 Men, Opposes Huerta Administration. Mexico City, March 6.—Messages were exchanged between Governor Carranza of Coahuila and United States Ambassador Wilson. Carranza telegraphed Wilson that he had 11,000 men in his army, all loyal and determined to fight the new administration to death. He said he would not give in until Huerta resigned in favor of Lascruain and Felix Diaz, the originator of the revolt against Madero, left Mexico forever.

To Shave With a Smile—First Properly Massage T H E Beard

NEVER FAIL RUBBER SHAVING MASSAGE BRUSH

Let "200 Little Fingers" Soften Your Beard—Do Your Massaging: A Greater Delight Than Ever

The Never Fail Rubber Brush is just the right softness in texture to work effectively and give desired results. It is made of the best grade red rubber, soft and pliable, with tapering, flat ended rubber teeth. Substantial nickeled handle. To use the brush, first the lather is applied to face, then a thorough massaging—only requires a minute—of the skin. The flat ended teeth remove dead cuticle, foreign substance, cleanse pores. Apply more lather to the face, and the shave of a lifetime is in store for you. The Brush will not irritate or scratch the most delicate skin, instead will promote a healthy circulation, develop facial muscles, and make the skin firm. No breaking out after shaving—the skin is clear, possesses a truly healthy glow.

Milady's toilet set is incomplete without the Never Fail Rubber Brush. It sets the nerves a tingling—blood a' dashing—rounds out any part of the body and face. Removes wrinkles, lines and for general massaging is to a mighty satisfactory degree effective.

How to Increase YOUR CORN YIELD

Corn is an exhaustive crop—50 bushels of shelled corn per acre, with stalks, will remove 80 lbs of nitrogen, 29 lbs phosphoric acid and 55 lbs of potash. The farmer who spreads manure puts back nitrogen, but that does not supply phosphoric acid and potash. Every soil expert says that all Fayette county soil lacks phosphorus or phosphoric acid, and some of it needs potash

A good farmer can raise from 70 to 100 bushels per acre if his soil is fertile
MAKE THAT SOIL FERTILE

Put back Nitrogen in manure.
Put back Phosphoric Acid and Potash in Fertilizers

Then you have all three plant foods in proper proportion. A SMALL COST PER ACRE will give you an INCREASED YIELD PER ACRE, and much better QUALITY as well as EARLIER MATURITY. If you think it is good business judgment to invest in Corn Fertilizer I can furnish you the best goods on the market, and give references as to its success from leading corn show men of the country.
